MINI TRIPOD

HOW TO USE:

1. Screw Smartphone clamp (or another compatible mount) onto the tripod mount. Connection should be tight so as not to move, but not so tight you cannot unscrew it without excess force
2. You can remove the mounting plate by pressing in the button to the front of it, to replace it, simply slide it back in until you hear the click
3. Manually position the legs of the tripod into the relevant position (be mindful to not place it somewhere unstable or dangerous)

KEY FEATURES

- Mount compact DSLR and mirrorless cameras
- Holds devices weighing up to 3kg
- Japanese medical-grade ABS
