This item **MUST BE** returned to the library desk during branch opening hours.

**DO NOT RETURN VIA
THE RETURN CHUTE**

STEAM TECHNOLOGIES

SELFIE TRIPOD WITH BLUETOOTH REMOTE

HOW TO USE:

1. Place smart phone solidly in camera mount (ensure tripod is tight but still able to be loosened by hand)
2. Extend Tripod to length desired (either standalone or handheld)
 - a. You can extend the height of the tripod by pulling upwards or downwards on the gear shaped ring in the centre of the tripod
 - b. To use tripod legs, grip the centre piece (above the legs and bellow the gear) and move downwards (do not pull out the legs separately)
 - c. To undo the tripod legs, grip the centre piece again and move upwards (so not push in legs of tripod)
3. To use remote, turn on by pressing and holding the camera button until the blue light is flashing
4. connect using Bluetooth via your phone Bluetooth settings menu (look for device labelled) 'JB5'
5. Now you are paired to the remote pressing the camera button (when using the camera will either take a photo or start/stop recording)

BEFORE YOUR START

Charge Bluetooth remote (if you want to use it) using the USB cable. Small light on front will turn red to indicate that it's charging

KEY FEATURES

- Folds to compact size (21cm)
- USB charging
- Includes wireless Bluetooth remote
- Light weight, easy to carry
- Tripod functionality

TROUBLESHOOTING AND SUPPORT

There is an excellent collection of support documents and instructions here
